# RESIDENTIAL/COMMERCIAL SPLIT-SYSTEM ECONOMIZING DELIVERING FRESH AIR INDOORS

Airside economizing shouldn't just be good in theory. It should deliver what owners expect. With the ZIP Economizer, it does.

Airside economizing isn't just a great way to reduce operating costs; it is a requirement in most non-residential HVAC systems throughout the United States. Airside economizers also fulfill another important requirement for buildings by providing the correct ratio of outside air and return air to deliver proper indoor air quality (IAQ) to meet codes.

Unfortunately, having an economizer system doesn't necessarily mean you are accomplishing these goals. Studies have shown that up to 70% of economizers are not functioning properly. Many times economizer systems are set up incorrectly or are simply

left to operate in factory default mode. Even worse, because economizer failures generally do not result in comfort problems many failures go undetected! These problems persist, year after year, costing building owners unnecessary expense. Meanwhile, energy standards and building IAQ requirements are not being met.

Why does this happen? Because most economizers incorporate factory settings and confusing manuals that makes setting up, operating, and troubleshooting difficult.

**BELIMO**<sup>®</sup>

## Stay on Course with the ZIP Economizer

Until now, economizing solutions have left a lot of room for error. The ZIP gets efficiency strategies back on track with easy setup, automatic code change over temperatures, and superior troubleshooting capability. Users know instantly when failures occur and the ZIP helps them quickly pinpoint the problem and address it. With the following features, the ZIP leaves nothing to chance:

- 1 Easy-to-read Automotive Grade LCD Display. Extremely simple to navigate, this display delivers clear live status information, easy setup, changes, and operating history.
- 2 ZIP Code Patented Technology. By simply entering your US zip code, or Canadian postal code, the system will automatically recognize your climate zone and will set the high limit change over temperature providing automatic compliance.
- 3 Plug and Play. With its self-configuration, if it's not plugged into the economizer, you won't have to worry about setting it up.
- 4 Acceptance Tests. Integrated onboard test sequence that ensures effortless compliance with California Title 24, and verification of proper operation.
- 5 Fault Detection and Diagnostics (FDD). Troubleshoot faults, initiates alarms, and reconfigures for best operation.
- 6 Reliable Belimo damper actuator
- 7 Rugged, tight sealing pre-insulated damper box

# TERMS & CONDITIONS

## TERMS OF SALE:

**DISCOUNTS:** Discounts offered by FAMCO are for approved accounts only. Discounts are a percentage off list price from list price book. All special orders are priced net and receive no discounts. FAMCO will not accept returns of special ordered products.

**TERMS:** Terms are NET 30 days from date of invoice. Payment to be made to FAMCO, 649 N. Ralstin St., Meridian, ID 83642. There will be an interest charge of 1½% per month (18% APR) added on all accounts over 30 days. FAMCO reserves the right to change prices without notice.

## DELIVERY TERMS:

**FREIGHT:** All orders should try to reach freight free minimums if possible. All orders below freight free minimums will be prepaid and added to invoice unless specified otherwise. See page 9 for freight allowances.

**ROUTING:** Orders will be shipped the most cost effective way. Any additional freight cost over standard routing will be invoiced to the customer. We cannot be liable for shipping delays not within our control.

## ORDERING INFORMATION:

**CATALOG:** Please use our catalog number.

**MATERIALS:** Please contact us for all special material requests.

**BIDS & QUOTES:** All price quotes are good for a maximum of 30 days unless stated otherwise in writing.

**MISC:** Extra catalogs, price sheets, ad materials and samples will be provided at the option of FAMCO.

## GUARANTEE:

All products are guaranteed to be free of defective material or workmanship for a period of one year from date of delivery. During the guarantee period, if any parts prove defective, they will be repaired or replaced free of charge at factory option; if, upon receipt of written authorization they are delivered prepaid to the factory. This guarantee does not, however, cover any damage caused by neglect of lubrication, accident or overload, improper installation, nor does it cover the cost of repairs made or attempted outside the factory without written authorization from FAMCO. Correction of any verified defects by repair or replacement shall constitute fulfillment of the guarantee. Customer must pay all freight cost associated with repair or replacement.

# TERMS & CONDITIONS

## ERRORS & OMISSIONS:

While every effort has been made to ensure the accuracy of the information supplied herein, FAMCO (Fresh Air Manufacturing Company) cannot be held responsible for any errors or omissions.

## ABOUT US:

Established in 1989, FAMCO, headquartered in Meridian, Idaho, is one of the Pacific Northwest's largest manufacturers of Roof Flashings, Pipe Flashings, Ventilation Products, HVAC Accessories, Plastic Air Ventilation Products, and Specialty Building Products.

FAMCO currently manufactures and distributes from three plants located in Meridian, Nampa and Caldwell, Idaho to thousands of HVAC, Roofing and Building Material wholesalers across the United States and Canada. FAMCO builds high quality products that have been trusted by HVAC, Mechanical, Roofing, and Building Professionals for decades.

Our quality starts with using the finest raw materials available and having our experienced team following Lean Manufacturing principles. Under Lean Manufacturing, every procedure is measured, analyzed and checked for quality, efficiency and customer satisfaction. It is the veteran management team, industry knowledge and desire to always improve that separates FAMCO from the competition. We pride ourselves on the guarantee of quality Ventilation and Building Products.

## RETURN POLICY:

The customer is responsible for freight charges to return the product. There is a 25% restocking fee for all returned product. Credit will not be issued until product is returned and inspected. Product must arrive in resalable condition. Credits will expire 1 year from date of issue and will no longer be honored.

FAMCO will issue a Return Authorization (RA) for all returns and it must accompany the product. No return will be accepted without an RA. The RA's are good for a maximum of 30 days. If the product is not returned within that time frame a new RA must be requested.

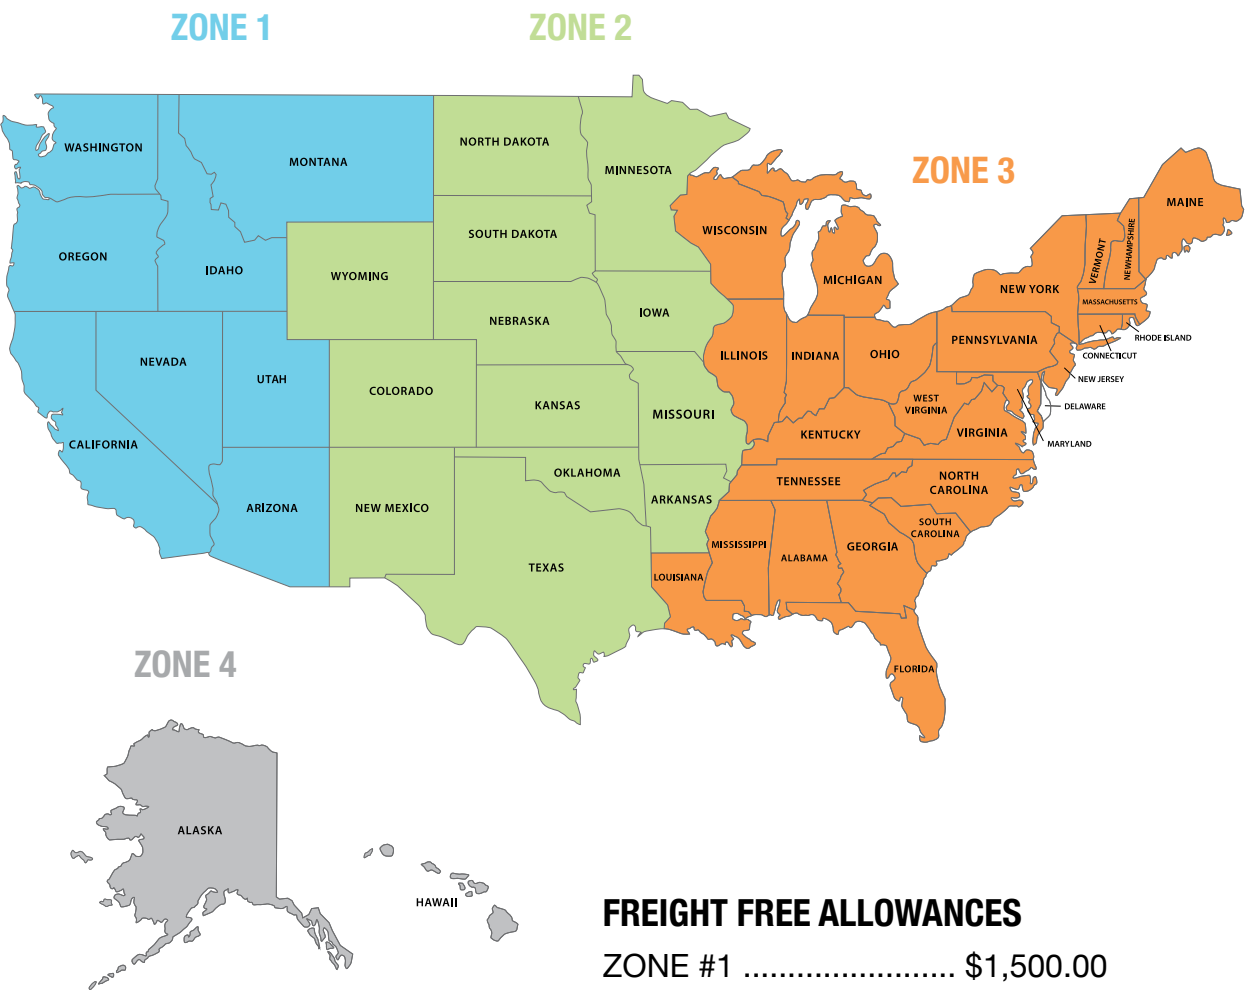

For damaged product, FAMCO will need pictures of the damage to determine if we will need it returned for credit. An RA will be issued for the return.

# TERMS & CONDITIONS / ZONE MAP

**FREIGHT CLAIMS:**

All claims must be reported to FAMCO within 2 weeks of delivery.

If product is missing or damaged in shipment, it must be noted on the delivery receipt (BOL) prior to the freight truck departure. If you do not have time to count while the driver is there, please note on the delivery receipt **“subject to count”**. Without this information on the delivery receipt, we will no longer be able to issue a credit for missing products. It is the responsibility of the customer to file freight claims with the carrier.
